Professor Hong Xue
Director of Institute for Internet Policy & Law
Beijing Normal University, China

Dear Professor Xue,

The 39th International Conference of Data Protection and Privacy Commissioners
25 – 29 September 2017, Hong Kong, China

On behalf of the Organising Committee of the International Conference of Data Protection and Privacy Commissioners (“ICDPPC”) this year, I would like to extend our sincere gratitude for your contribution in supporting the 39th ICDPPC, which was held during 25-29 September 2017.

The Conference was acknowledged as an overwhelming success by attracting over 750 delegates including Data Protection Authorities, policy makers, government and business leaders, information and communications technology professionals, academia and privacy advocates from Hong Kong and over 60 countries and regions. It provided an excellent platform for the delegates to exchange views on the latest trends in data protection and privacy, share experiences and discuss strategies in addressing challenges ahead.

I cannot thank you enough for sharing your insights and expertise in “Notice and consent from India to Japan” and “Privacy and Encryption in the Digital Age” which are cutting-edge and forward looking. You have also engaged in issues pertinent to the topic, bringing in much needed inspirational perspectives which were also the essence of the success of the session.

The photos of the Conference and the presentation materials are now available at the Conference website (<https://www.privacyconference2017.org/>).

I look forward to continuing to count on your support and work with you in strengthening the data privacy culture of “Protect, Respect Personal Data” in the days to come.

With best regards,

Yours sincerely,
